

## Information Survey

The information you provide will be helpful to the design team when planning the design and construction of the NW 48th Street project. Your responses will be used by and available to members of the project team for this specific project.

Name: \_\_\_\_\_  
Business Name (if applicable): \_\_\_\_\_  
Address: \_\_\_\_\_  
City, State, Zip: \_\_\_\_\_  
Phone: \_\_\_\_\_ Email: \_\_\_\_\_

How would you describe yourself?

Local resident       Local business owner       Work in the area       Other: \_\_\_\_\_

How often do you use NW 48th Street?

Several times a day       Morning/evening commute       Weekly       Other: \_\_\_\_\_

How long have you lived/worked in this neighborhood?

What are your general thoughts about NW 48th Street today?

What are some of the concerns you have when traveling on NW 48th Street?

Condition of roadway  
 Traffic safety  
 Traffic congestion  
 Bicycle and/or pedestrian safety  
 Other: \_\_\_\_\_

Do you or members of your family bicycle or walk along NW 48th Street?

Yes       No

What do you think creates the greatest need for designing and constructing a new roadway along NW 48th Street?

What do you believe is needed to make this project a success?

(turn over for additional questions)

Are you aware of any drainage or flooding related issues along the corridor?

Do you have questions or concerns related to how construction on the project should be phased to maintain access and circulation within the area during construction?

Do you have any other comments or concerns that you'd like to share with the design team?

**If you are representing a business, please answer these additional questions.**

What days and hours are you open? Are there peak times when customers and clients visit?

How many customers/clients visit your business on a typical day? How many employees do you have at your location along this project area?

What type of access do you need to your business? Are there certain times of year where access needs change?

Are there critical times when utility service to your business, such as water or gas, cannot be disrupted?

Is there any other information you'd like to provide about how the project might affect the operation of your business during construction?

**Thank you for participating! Please submit your survey by March 15 to:**
